CCH TAGETIK CASH FLOW PLANNING

Manage risk and improve cash management

Get control of your cash. Whether you need to run simulations to optimize short-term cash requirements or play what-if analysis by varying payment terms, CCH Tagetik’s Cash Flow Planning & Analysis immediately displays the results on your financial statements. You can then choose the scenario that optimizes your cash position.

To give you the best coverage of invested capital — and satisfy your stakeholders’ need for maximum value — use our integrated planning solution to put financial KPI targets at the heart of cash flow, balance sheet and P&L statement preparations. For more precise cash flow projections, use our direct cash flow drivers to create accurate balance sheets, build realistic cash flow plans and manage cash effectively. Reduce financial risk and improve liquidity with CCH Tagetik.

CCH TAGETIK CASH FLOW PLANNING

**FAST & ACCURATE CASH FLOW PLANNING**
Always know much much working capital you have on hand. Use this app to monitor the impact of cash, net working capital, and net financial position on forecasts. Using dynamic reporting and analysis tools, you can produce detailed cash management analysis and focus on the most important ratios to satisfy your stakeholders’ needs.

**ALIGN FINANCE & OPERATIONS WITH UNIFIED PLANNING**
Align your enterprise. Produce more accurate budgets and forecasts with a single unified system for all your data and CPM processes. Go beyond traditional planning by connecting strategic, financial, departmental, and operational plans. Align all your financial and operational data around a single version of the truth and see how a change in strategy plays out on the P&L, balance sheet, and cash flow statement.

**VIEW IMPACT TO FINANCIAL STATEMENTS**
Navigate market uncertainty with the tools to test your assumptions confidently. Instantly project cash flow scenarios to see the impacts on your fixed costs. When you need to vary financial policy rules like DSO, DPO, PL amounts, financing and investments, the app immediately showcases the P&L, balance sheet, and cash flow impact.

**SIMULATE CASH FLOW SCENARIOS**
Whether market conditions force change on you or you’re considering a new course of action, simulate the effects of various scenarios to determine cash requirements or cash impacts. With rapid processing, you can update assumptions, adjust drivers and see the entire chain of effect on all corresponding plans and financial statements.

**POWERED BY THE ANALYTIC INFORMATION HUB**
CCH Tagetik is powered by our data engine, the Analytic Information Hub, which provides granular operational driver based planning, boosts performance, manages vast volumes of financial and operational data, speeds up calculations, and produces results in real-time.

**BEST PRACTICES, REDUCE IT DEPENDENCY**
While purpose-built to be finance owned and maintained, all departments have the ability to plan and forecast while staying aligned. No need to copy data. No need to bother IT. CFOs can be confident their decisions are based on accurate and updated figures. With version control and communication tools, multiple people can work in the same document simultaneously.
“Cash Flow Planning is an integral part of business today and even more so in uncertain times. With our quick to deploy app, all companies can get a handle on their cash position, plan for the future and immediately begin mitigating risks."

---
