

CCH Tagetik on SAP HANA®

Powered by
SAP HANA®

The Ultimate CPM Platform for the Future

CCH® Tagetik running on the highly performant, in-memory SAP HANA® business data platform provides the ultimate in corporate performance management (CPM). Now, consolidation, planning, and reporting can run in half the time. With the ability of SAP HANA to access structured and unstructured data from any source and CCH Tagetik's ability to harness Big Data for modeling and analytics, you have the ultimate platform for future technologies of artificial intelligence, machine learning, and predictive analytics.

To leverage your investment for the long term, CCH Tageik has partnered with SAP to become an independent software vendor (ISV) and original equipment manufacturer (OEM). It is one of the first vendors to offer a CPM solution that is certified as powered by SAP HANA.

CCH Tagetik on SAP HANA

Speed up CPM processing

Expedite financial consolidation, planning, and reporting processes with the powerful performance of CCH Tagetik running on the SAP HANA business data platform.

Maximize ROI

Be prepared for future technologies and maximize your ROI, thanks to platform's extensibility, performance, and ability to handle Big Data.

Accelerate in-depth analytics and faster insights

Provide key insights faster to drive your business due to the ability of CCH Tagetik to model and analyze granular data combined with the performance of SAP HANA.

Satisfy IT and finance requirements

Empower finance to own and manage analytical models, while freeing up IT resources to work on value-add activities.

Reduce cost

Cut integration cost with CCH Tagetik Connector enabled for SAP solutions, including prebuilt extract, transform, and load (ETL) processing.

Improve decision-making

Get the most comprehensive view of business decisions with the integration of SAP HANA and CCH Tagetik's CPM solution.

“CCH Tagetik was founded on the concept of having one unified system for all the applications and processes in CPM. That is matched by the total unification technology of SAP HANA, where you run everything in one place – and we’re leveraging those similar approaches to deliver more information faster to finance and drive digital transformation.”

Bani Brandolini
VP Strategic Partners, CCH Tagetik.

Key Capabilities

CCH Tagetik is powered by SAP HANA – With CCH Tagetik 5, the SAP HANA database can be the underlying data store as an alternative to Oracle or Microsoft SQL Server. SAP HANA provides cutting-edge in-memory technology.

Connector for SAP HANA – CCH Tagetik analytical model for SAP HANA® can be generated automatically based on CCH Tagetik dimensionality, data, and security. SAP customers that have invested in SAP HANA can take full advantage of the powerful analytics capabilities of SAP HANA for financial analytics.

Advanced analytics – The use of SAP HANA for advanced analytics on CCH Tagetik data combines the scale and power SAP HANA with the deep, built-in financial intelligence of CCH Tagetik.

Connector enabled for SAP® solutions – Customers can reduce integration costs by 30% or more with SAP solution integration intuitively designed for finance users. Extraction and mapping of data and metadata from SAP ERP Finance and tables in SAP® Business Warehouse (SAP BW) are automated.

Leverage investment in SAP HANA – Companies running SAP HANA can extract additional business value, while those who are not yet ready to invest in an enterprise-wide strategy for SAP HANA can “test the water” with CCH Tagetik.

ISV/OEM partner for SAP HANA – Cooperation between SAP and CCH Tagetik furthers the common goal of benefiting our customers with the power of SAP HANA.

Why CCH Tagetik?

Finance owned: Purpose built to be maintained by finance, reducing dependency on IT

Unified CPM solution: Confidence in your data with consolidation, planning, and reporting in one solution

Reliability: An implementation team and partners that consistently deliver

Cloud without compromise: On premise. In the cloud. One solution. Your choice!
